No 62

Approval of the survey toolkit The use of time and the conditions for contracting and paying interview operators involved in the 'Time use' survey, as a module attached to the Labour Force Survey

pursuant to Article 7(2) and (4) of Law No 93/2017 on official statistics, in accordance with the Guide of the Statistics Department of the International Labour Organisation (ILO) 'Supply of services for own consumption: Measurement Guide (Guide on the Implementation of the ILO Additional Module for the Provision of Services for Own Consumption in National Labour Force Surveys)', for the execution of point 17 of Chapter VI of the Programme of Statistical Works for 2025, approved by Government Decision No 897/2024, and of Order No 50 of the National Bureau of Statistics (NBS) of 24 April 2025 'On the Implementation of Statistical Survey Time Use, as the module attached to the Labour Force Survey, in the second half of 2025', in accordance with point 12 sbp. 11) of the Regulation on the organization and functioning of the NBS approved by Government Decision no. 935/2018,

ORDER:

1. The statistical survey toolkit 'Time Use' is approved as an additional module to the statistical survey 'Labour Force Survey', as follows:

- 1.1. *Methodology of survey Use of time* as the module attached to the Worksheet Survey, according to Annex no. 1.
- 1.2. Individual questionnaire for statistical survey, as set out in Annex 2.

5. The Directorate for Dissemination and Communication (L. Racu) shall place on the official website of the National Bureau of Statistics the electronic version of the questionnaire and the Survey Methodology referred to in item 1 of this Order.

6. The control over the execution of this Order is the responsibility of Mrs. Aurelia Spătaru, Deputy Director General of the NBS.

Director-General
